Aqualiens is a fun boardgame for kids, in which players use special transparent cards to complete the tasks, and help the adorable creatures collect as many seashells as they can.

Meet these adorable creatures that live on the bottom of a deep blue ocean. They really like seashells and, as everyone knows, you can never have too many seashells. So they have learned to grow new arms and tentacles so they can always grab just one more seashell.

Layer the transparent cards to complete the task but make sure to use as few cards as possible! The quickest player wins the points.

- Original transparent cards: be the first to find the winning combination!
- Requires attention, develops dexterity, observation skills and quick reflexes.
- Has challenging advanced mode for expert players.
